

House League Protocols

North Shore Stars Volleyball Club

What will it look like for you?

- Our coaches will be arriving at the gym prior to the players. At this time they will be sanitizing all the nets, posts, balls, ball carts and any other equipment being used.
- Only players and coaches will be allowed in the facility. This is to ensure we are well below the safe number.
- We ask players to arrive on time and as ready to go as they can be. This means knee pads and shoes on by your scheduled practice start time (may require changing shoes in hallway)
- Upon arrival players will be asked to wait outside the gym door. All players must wear masks while waiting and follow social distancing protocols.
- Players will be allowed into the gym one at a time. When they enter they will sanitize, hand in their daily screening form and have their temperature taken.
 - If players do not have their screening form or have a temperature over 37.8, they will not be allowed to play and be sent home
- Players must wear masks whenever they are not playing. While unmasked and playing they must remain 10 feet apart.
- Players must sanitize their hands before entering or leaving the gym along with every water break.
- Our coaches will remain masked or 10 feet apart at all times.
- There will be no access to water fountains at any facility. Players will need to come to practice with a full water bottle.
